## MESSAGE

### From Jefferson County Delegation.

Some of The Many Advantages Offered By This Great Institution of Learning.

Again the Jefferson county delegation at Western Kentucky State Normal School feels there is a message that all Jefferson county people should receive, and the teachers especially. This message is none other than how and what is their Normal School at Bowling Green doing for the betterment of education. Not only is the course of study such that prepares the teacher so thoroughly as to be able to meet the demands of life by giving him a broad view and strength of mind which enables him to cope with these problems, with great credit to himself, but there is ever that side that partakes of a social nature, which is so essential to the normal life, which is so carefully planned as to be of great worth educationally, as well as great pleasure.

There is the lecture course which gives the student the opportunity to hear some of the best music and greatest lecturers in the United States, two of whom we have had the pleasure of hearing this year, Drs. Newell Dwight Hillis and Parkes S. Czedmon.

About the greatest thing that has ever been in this city was the Music Festival given by the Oritorio Society May 10th under the direction of Prof. Franz J. Strahm, the head of the department of music of this institution. There were two great programs, the matinee which was rather unique in that it was rendered not only by a forty-piece orchestra, soloists both vocal and instrumental, but the chorus was sung by a hundred and fifty public school children of this city. The last number of the program was an "American Battle Scene," a great descriptive piece which aroused the emotions of all present, so vivid were the musical pictures. And the night was Haydn's Oritorio, The Creation, rendered by the same orchestra and soloists, but the chorus was composed of one hundred and seventy-five adult voices. The hearing of such a musical composition as this, is a treat that many of us may never have again, and no person could fail to miss, whether he is a lover of music or not.

Everything that is essential to a well rounded and fully developed education is placed within the reach of every student.

We will, indeed, be glad to have more of our members from Jefferson county to join us soon.

Yours most respectfully,  
JEFFERSON CO. DELEGATION,  
Bowling Green, Ky.

#### Bright Lad Passed Away.

Carl Natchand, aged 12 years, five months, ten days, beloved and eldest son of Mr. Chas. Natchand, of Lyndon, passed away Friday, May 24th, 1912, at 12 o'clock noon, after an illness of only a short time of organic heart disease. Carl had a bright and sunny disposition and became endeared to all who knew him. His sudden passing away in his youth is deeply regretted by the entire community, and all join in extending their deepest sympathy to the bereaved ones. ## ST. MATTHEWS

### Death Angel Calls Bright Boy Home.

### Commercial Club to Give Festival—Singing School Growing in Interest.

St. Matthews, May 27.—Since the rain ceased all the Saints who can handle a hoe have gone in the truck patch, so I can give account of their doings at one swipe. Nature seems in a rush to make up lost time and farmers must rush to keep pace to her lead. Will report the results of their activities later.

A very sad death took place at St. Matthews last Friday, when his little son, Carl, aged twelve years, was called home to God. An unusually bright boy, beloved by all, especially his school mates, who sorrowfully acted as pall bearers. We extend our deepest sympathy to the bereaved parents and relatives. He is "Safe in the arms of Jesus, safe from corroding care, free from the world's temptations, nothing can harm him there."

Miss Virginia Whips spent the week-end with Miss Julia Dorsey, at St. Matthews.

The Commercial Club at Lyndon will give a festival near the station next Thursday evening. This will be a very interesting and pleasant affair, indeed. Come all and make merry; also learn how to improve the property in the growing little township.

The singing school at Worthington church, every first and third Saturday night at eight o'clock, conducted by the minister, E. L. Jorgensen, is growing in interest and attendance. Everyone is invited to take part, free of charge, all denominations. By taking advantage of these lessons we can improve our church singing very much. We are somewhat lame along that line; now is the time to correct it.

Many of the young people of St. Matthews took part in the play "Rob-inhood," given at Castlewood by Miss Gannon, for the benefit of the Cochenor school. We had no idea there was such talent for drama in our children.

Our new blacksmith, Mr. Joseph Frieberg, at Springdale, has made many new friends and relieved old acquaintances in the short time he has been with us. We are considerably cheered by the ring of his anvil, and gradually becoming reconciled to the loss of Uncle Billy. So it is the world moves on and we adapt ourselves to the changes that seem so startling at first. Now the shop is in full swing, bring on your work of every kind; it will be satisfactory.

#### Mr. Moreman Complimented.

I certainly admired the nice way in which Mr. Moreman answered Mr. Frank's letter in regard to conditions in Florida. I also enjoyed Mr. Funk's letter. Such letters as these help to make our paper what it is, one of the best and most interesting of county papers.

## INTERESTING

### News Letter From Dry Ridge Community.

### Elmer Purcell Drowns, Aged Woman Fractures Hip—Other News.

Dry Ridge, May 27.—The sad news came early Saturday morning that Mrs. John Carrithers, of this place, that her first cousin, Mr. Elmer Purcell, of Taylorsville, had lost his life by drowning while out with a party of men and boys sculling; heart failure being the direct cause of his death. It is an unusually sad case, as he leaves a wife and six young children.

#### Fractures Hip—Bone.

Mrs. Jones, the aged and highly respected mother of Mr. Lew Jones, of Whitfield, fell last Thursday afternoon and broke her hip bone. Very little hope is entertained for her recovery, as she is eighty-three years old and had been in very bad health for some time.

#### Fire At Taylorsville.

We have just heard over the phone that a fire broke out this morning at 5 o'clock in the livery stable at Taylorsville. The stable, a horse, several buggies and an automobile, also the adjoining store, were burned; and the men were still fighting the fire. We hope no other buildings will be destroyed.

#### Sensation in Neighborhood.

The Whitfield neighborhood had a mild sensation last Friday in the form of a frustrated elopement. Mr. Walls, a young man of about twenty-five, and Miss Etta Wallace, a pretty sixteen year old school girl, were the principals. The young lady was at school when the young man came by in his buggy and this started towards the city. The teacher, Miss Ruby Carlin, had the girl's father notified of the fact, and he phoned to have them detained at Fern Creek until he arrived and persuaded them to abandon their intention of getting married and return home; the young lady's extreme youth being the objection.

I should like to hear more of the wonderful bird found by Messrs. Smith and Stivers. It was certainly unusually large.

Mrs. Eliza McDonald is visiting her sister, Mrs. Lovell, of Elk Creek, who also entertained Mrs. Howard Smith and son, Donald, on Saturday.

Mrs. Jacob Boston is on the sick list, but we hope to hear of her being well soon.

Mrs. Crit Drake, her son, Hugh,

and daughters, Virginia and Ruth, spent yesterday with Mr. Adam Shake and wife.

Mrs. Theo. Hardman and Miss Anna Reid spent Friday with their sister, Mrs. M. G. Boston.

#### Surprise Party.

Quite a pleasant surprise was that given by Mrs. J. R. Nutter, of Jeffersontown, Sunday in honor of her husband's thirty-eighth birthday. The guests were invited a week ahead without his knowledge, of course, and when they all drove up and he came out to meet them, his first thought was of enough to feed such a crowd. But the good wife had prepared for the occasion and a bountiful repast was served. He was the recipient of a number of presents and all expressed the hope to meet with him on a number of like occasions. The invited guests were Mesdames M. Nutter, E. Shroat, S. C. Coe, Louie Coe, Port Nutter, Henry Waldrige, Messrs. Port Nutter, J. R. Nutter, Irvan and Bart Nutter, S. C. Coe, Louie Coe, Willie Coe, Henry Waldrige, Misses Yena Waldrige, Gladys Coe, Pearl, Goldie and Myrtle Nutter.

## BOY SCOUTS

### Will Have Scaling Wall—Lumber Donated By Henry Koehler Company.

The Jeffersontown troop of Boy Scouts is going to have a scaling wall, which will be a splendid addition to their athletic equipment and something of which they will be proud. All of the fellows will, no doubt, now be boosters for the Henry Koehler Lumber Co., of Louisville, which very kindly donated the lumber for the wall which required about 300 feet.

When the scout master spoke to Mr. Brown, who is at the head of this, one of the largest lumber companies in the state, about the boys' desire to build the wall, he very readily consented, in behalf of his firm, to give the lumber required. Mr. Brown also spoke of his interest in boys and his high appreciation of the scout movement, and said as a close observer of boy life, that he has seen the need of such a movement for some time.

#### It Is Gratifying

To be appreciated. One of our Jeffersonian readers, who has become a patron of ours, kindly volunteered the information that our food and service are all that we represent them to be. Let us welcome you also. Our patrons are welcome to the free use of both telephones. Blue Grass Dairy Lunch, 323 W. Jefferson, opposite interurban station. 48f.

#### Helps A Judge in a Bad Fix.

Justice Eli Cherry, of Gillis, Tenn. was plainly worried. A bad sore on his leg had baffled several doctors and long resisted all remedies. "I thought it was a cancer," he wrote. "At last I used Bucklen's Arnica Salve, and was completely cured." cures burns, boils, ulcers, cuts, bruises and piles. 25 cents at all druggists.

## SOME PEOPLE ARE SUPERSTITIOUS.

It's queer how superstitious some people are. There are those who are so superstitious that they almost go crazy worrying about things that their good sense ought to teach them that there is nothing in. Uncle Sam knows something about the superstition of people and the troubles they have, and that is why it is unlawful to send an anonymous letter like the following, which we have just received through the post-office:

"Lord Jesus, I implore Thee to bless all mankind and keep us from all evil and take us with Thee eternally.

This prayer was sent to me and is sent all over the world. Copy it and send it to ten of your friends. Sign no name and see what it will bring you. It was said in the time of Jesus that all who wrote this prayer would be delivered from all calamity, but those who would not write and pass it along would suffer some misfortune. Commence the day you get this copy and send one each day and on the tenth day you will receive some great joy. Do not break the chain."

## DUTY OF PARENTS TO CHILDREN.

In this age of push and progress, when the American people are running mad about pleasure and worldly things, parents have a great responsibility in rearing their children. We look about us and find the youngsters disregarding parents' wishes and, we might say, "running at large." What is to become of the world, if the parents do not call a halt?

The boys and girls of this day and time are to be the men and women of future generations. They make good men and women if they are not trained right now. Will they be what they ought to be, if they are permitted to go where they please and engage in every kind of worldly amusement? Is not many worldly pleasures sinful and harmful? Are all kinds of boys and girls suitable to play together and enjoy the same kind of amusement? These are some of the things it seems to us that parents should think about.

Boys and girls need to be given liberties, and must have a good time. "All work and no play makes Jack a dull boy." But they must have the right kind of "good time." Cheap shows, where everything vulgar is suggested, should not be attended by innocent boys and girls. Post cards like the ones that are the best sellers—those of the vulgar and suggestive sort—should be prohibited.

Children should be kept off of the streets, where they associate with all kinds of people and learn everything that is evil.

Too many parents neglect their children by simply turning them loose and permitting them to do as they please. They go to Sunday-school or church, if they want to, and if they don't want to go, they do not go. When some children are asked by their parents to stay at home, away from the streets, or bad places of amusement, they stay! They want to. When a ball game on Sunday afternoon will draw a crowd of several hundred boys and girls, and a Sunday-school will draw a crowd of half a dozen, there is something wrong with their parents, not the children nor the Sunday-schools.

Let us warn you, father and mother, while it is time. If you do not watch and keep the charge God has given you in the right manner, your boy and your girl will surely turn out bad, and the condemnation will rest upon your heads.

## AGRICULTURAL EXTENSION.

### SWINE.

The swine industry in Kentucky deserves more attention than it now receives. Not only should the number of animals produced annually be increased but also the breeding and feeding should receive more careful attention.

To begin with, we cannot afford to raise any but the best hogs. By this we do not mean any particular breed, but we mean that the animals should belong to some breed. A good grade is better than a poor animal of pure breeding, but the average pure bred is infinitely better than the average grade, to say nothing of the scrub. In two all important particulars is the pure bred animal superior: first, more economical gains are secured, and second, when the animal is ready for market it will command the top price, whereas the scrub will probably sell 50 cents lower. Just here it is well to remember that the reduction must be taken from profit, which is narrow enough already.

Inheritance largely fixes the possibilities of an animal, furnishing the detailed plans and specifications beforehand, while the feeding later builds the structure and maintains it. Some feeders advocate cross breeding of hogs, holding that the cross bred animals make better feeders. Even if we grant this to be true, the same feeder will admit that the second cross is very poor. Then in order to keep stock with animals of the first cross we must be continually dependent upon the pure breeders for fresh stock of the two breeds concerned, always paying fancy prices.

One of the best features of any kind of stock farming is that it stimulates other farm activities. The feed should nearly all be produced on the farm. One important principle in feeding will be mentioned here. The young, growing animal requires a ration much different from that of the mature animal. The most important period of a pig's life is the time between weaning and his attaining 140 pounds weight. The growing animal requires much protein and much ash to produce muscle and bone respectively, the purpose being to grow a frame upon which subsequently to lay a pad of fat. To meet the requirement of growth, suitable food must be provided. The cheapest gains can no doubt be made by providing alfalfa or clover pastures and giving a supplementary corn ration. In this case the alfalfa provides the greater part of the protein and ash. The profitable feeding of pigs in winter is somewhat more

difficult than in summer. In the winter season in this latitude, the lack of alfalfa pasture causes largely the loss of the yearling. This should be borne heavily, about four bushels per acre, drilling both ways.

Skim milk is one of the best known supplements for corn in feeding young swine, and we will do ourselves no harm by making an effort to produce more skim milk, for the dairy industry is highly profitable. Soy beans and corn, in the proportion of about one to six, make an excellent ration for young pigs, and the soy beans should by all means be grown on the home farm, for we thereby serve the double purpose of improving the soil by growing the legume and we provide one of the best possible pig feeds. High grade digestible tankage on part, and corn nine parts is a good ration. For finishing the mature animal probably corn alone is best for all practical purposes.

By proper breeding and feeding we can obtain rapid gains and early maturity, thereby lessening cost of grains and danger from disease.

Supt. Extension Division, College of Agriculture, Kentucky State University.

## Wheeler & Owings' Sale.

The Farmers Home Journal had the following to say of the recent sale of Wheeler & Owings, of Jeffersontown: "The Wheeler and Owings sale as reported in these columns last week was a success, though it gave breeders an opportunity to secure at reasonable prices some of the best hogs of the breed. It is demonstrated again that the 'Backeye folks' are hog men proper and know the good ones. The firm of Bowman and Mohler, of Covington, Ohio, got the great boar, King of Cold, Jr., and at \$100. It is nothing short of a public calamity that this hog should have left the State, and he will be heard from again in Ohio. I was glad to see that his champion son, Pal's Col, remained in Kentucky, going to Mr. H. P. Barrett, of Henderson." Mr. E. S. Mayes, of Springfield, certainly selected some of the best that are suitable to mate with his great boar, Defender, for next spring litters. Harris and Daniel, of Morganfield,

## COUNTY BANKS

Show Prosperous Condition According to Reports Published in The Jeffersonian.

The Jefferson county banks are in a flourishing condition, according to reports published in this issue of The Jeffersonian. Under the law these reports must be published twice a year, and we are pleased to note that they show large deposits. The officers and directors of these banks are nearly all county men and thoroughly conversant with the banking business.

The Jefferson county Bank in Jeffersonton had on deposit at time report was made \$107,550.34, which speaks well for a community the size of this. The Bank of St. Matthews, located in a prosperous country and nearer the city, shows deposits amounting to \$197,522.42. The Bank of Buchel, located on the Bardstown Road where there is so much being done at present in the way of progress, had on deposit \$90,494.77. The Bank of Middletown, also a bustling and up-to-date community, shows total deposits of \$46,092.03. The Bank of St. Helens, of Shively, on the Eighteenth Street Road, located in one of the best garden sections of the county, had on deposit \$59,623.08. Full reports of all these banks are printed in full in this week's paper. After the hard winter, which we have just passed through, our county banks show a healthy condition, and no one need be alarmed over the fact that it is this presidential year.

### Subscriptions for Fire Engine.

J. C. Bruce, W. J. Semolin and Frank Fanelli, who compose a committee from the Jefferson County Commercial Club to solicit subscriptions to a fund for the purpose of buying a chemical fire engine for Jefferson town, report that over \$400 has been subscribed and that they believe that the full amount will be secured without much trouble.

The question of a fire engine and many other matters of importance, will be discussed at the open meeting of the Jefferson County Commercial Club Friday night, June 7. Everybody invited.

### Up-to-Date Soda Fountain.

Mr. Frank Fanelli has placed an order for an up-to-date soda fountain at a cost of \$1,000, and will have it ready for use by June 15. This is another evidence of Mr. Fanelli's progressiveness and he is to be congratulated for always wanting the best there is in his line. He makes only the best cream and should be given liberal patronage by the people of this community.

### Joe H. Murray Injured.

Joseph H. Murray, aged 72 years, formerly deputy assessor and prominently connected with county affairs years ago, suffered a fracture of the collar bone in a fall Tuesday afternoon at his home in the Highlands. He was stepping from a porch of his residence when he lost his balance and fell. A physician was summoned and rendered aid to the injured man. Mr. Murray is one of the best posted men in Jefferson county and is widely known. Several years ago he lost his sight.

### Miss Katie Winkler Dead.

Miss Katie Winkler, of Hikes' Point, aged 24 years, passed away Saturday night at 10 o'clock, just as she arrived at an infirmary in Louisville where she was taken on account of suffering with appendicitis. She had been in poor health for the past two years, but was taken suddenly ill Friday afternoon at the home of her sister, Mrs. Fred Hahn, after returning from a fishing trip. She was a daughter of Mrs. Kate Winkler. The funeral was conducted Monday afternoon at Neura's Chapel and burial took place in Cave Hill cemetery.

Misses Annie and Della Tyler entertained the following at dinner Sunday: Misses Emma and Ethel Miller, Gertrude Ellingsworth; Dr. Noah E. Berry, of Versailles; Dr. Manning, of Bardstown; Messrs. Albert and Morris Keller, Roy Kiesel and Oscar Light, of Louisville; and Mr. and Mrs. Joe Greathouse and family.

## ELECTRIC LIGHTS

Over One Hundred Contracts Signed For Lights—Company Wants More.

The electric light committee from the Jefferson County Commercial Club has been working hard on the light question during the past week, and with the help of Mr. J. C. Bruce, who has gone out several times in his automobile, a total of over one hundred contracts have been signed by persons wanting electric lights in their houses or places of business.

The Louisville Lighting Company was called over the phone yesterday by The Jeffersonian and asked if we did not have enough contracts assigned for them to agree to extend their lines and was told "not yet." About twenty-five more contracts are wanted before the company will agree to come out.

The Jeffersonian is instructed to state that after the company gets its poles and wires up an extra charge will be made to those desiring electric lights after that time, as extra work and expense will be necessary. The company wants to complete the work after it is started and all those who contemplate putting in electric lights should sign contracts for same at once in order to save expense of extra poles, hauling, workmen's car fare, etc. A hint to the wise is sufficient. Call at the office of The Jeffersonian, or see a member of the committee, and sign a contract at once. Only twenty-five more are needed.

It is hoped that everything will be in such shape that the Louisville Lighting Company will give a favorable answer to this question at the meeting of the Jefferson County Commercial Club Friday night of next week, June 6.

### Confirmation Services.

A class of three young people, Emil Gerth, Walter Straub and Katie Walker, was confirmed at Christ Lutheran church last Sunday morning 11 o'clock, and took their first communion.

**EACH TEACHER**  
In Kentucky is a Unit of Force For Better Things and Should Work.  
If you should dip up Lake Erie in a tin cup, plait at a time, and pour it on the big turbine wheels in the wheel-pits at Niagara Falls, you could hardly get them damp. But let a great body of water tumble through the tunnels, and the wheels are driven to generate energy sufficient for running all the machinery within two hundred miles of the falls. The water has might only when it falls in large volumes.  
This principle holds as good in political and social science as in physics. The sum of the forces of a number of units is greater the closer the aggregation of units.  
The irresistible rushes of Napoleon and Oku; the successful work of parties and sects; the powerful influence of organized public opinion in any great matter—all these, though widely differing, are based upon the principle illustrated above. To make intellectual or moral forces most effective, they must be made to act in the same direction at the same time.  
Each teacher in Kentucky is a unit of force. Every one of the ten

thousand teachers of Kentucky is doing a faithful, earnest and in most cases efficient work. But how vastly more efficient work could be done by these units of teaching force acting together by aggregating. The Kentucky Educational Association is sounding a clarion call to all teachers in Kentucky and asking for their presence at the Louisville meeting on June 25-27, for the purpose of more effective organization, a uniting of forces for the benefit of the school and the teacher as well.  
**They! They! They!**  
In our circle of acquaintances there is one of the strangest families that inhabits the globe, and in every state, county, and even villages, this family exists and thrives and does exceedingly well.  
Permit me to introduce to you our charming friends, Mr. and Mrs. They, who are the proud possessors of four children, a pair of twins, known as So and So. (You can scarcely tell them apart); also, another boy and girl, who are named He-did and She-said. This family is endowed with more power of conversation than a phonograph company and just let a little domestic tranquility be disturbed—only a tiny ripple—they will immediately transform it into a tidal wave. Just a careless word from an incautious friend, and behold, life-long friends change into the bitterest of enemies. Glory and thanks be unto Mrs. They.

Let a contractor kick one pebble on the specified thickness of a new road and So and So will brand him a thief, and show you how quick he became rich and have us walking thru the mire of imagination instead of on the real macadamized road, which the contractor has just completed.  
We note the merchant, if tested scales happen to lack one ounce when the sugar is weighed at home on an old spring scale that our grandfather used (spring scales never weaken, ha, ha,) for straightaway goes forth Mr. They and another one is slain by the venomous tongue of slander, who always travels incognito (They), or one of his posterity.  
If one of our innocent sixteen year old lassies happens to misuse the language (make a break) and there is the least chance whatsoever of making it sound evil (for evil to him who evil thinks), it will be reported at once that she speaks vulgar and she is thus driven into a horrible hell of humiliation every time she goes out into the public, or let someone who yet believes in chivalry throw the glove in They's face, of one who told in confidence (beware of confidence) does he back it up? Nay, say, my dear Pauline, but sneaks out of it, and in a cur-like manner, by kindly informing you that what She-said.  
Well, you may give the clue to a Scotland yard sleuth and he will shadow So, and then run into the other So, then poor She-said it is implicated, then He-did is charged Particeps Criminals, and last, but not least, the liars in the chain of evidence are rapidly forged, the drag-net is drawn together, but the guilty hath disappeared as tho the earth had swallowed them, for they are spirits (evil ones at that) and not mortal and are to be caught. You may chase them to the heights of stars, or to the depths of hades, yet you will look in vain, for He-did, She-said, So, and They are very near you and now, for once, let us be "Honest Injun," is he not and do they not abide in each and every one of us (just a Wee Bit?) (Big Bit?)  
Good-bye. This article is written by They unto They for They. I am Yours truly  
A WORTHINGTONIAN.

## PLEASANT

### Surprise Extended June Brides By Members of the Current Events Club.

A most enjoyable and delightful afternoon was spent by the members of the Current Events Club on last Thursday afternoon at the home of Mrs. Shreve and Miss Mary Polk. The program was especially selected in honor of the three prospective June brides, Misses Mary Polk, Louise Owings and Virginia Snively, and every manner suggested love and marriage.

First, Mrs. W. R. Bryan played Lohengrin's wedding march and little Elizabeth Kinney and Mary Ruth Sprowl marched in, bearing a basket of flowers and presented the brides-elect with a bunch of roses. Miss Elizabeth Bryan recited "Love's Young Dream," by Thomas Moore, in a very effective manner; Mrs. R. H. Snively read a most interesting paper entitled, "Looking Backward." Mrs. Clarence Erdman very sweetly sang, "O Promise Me." A paper entitled "Prophecy," was read by Mrs. J. C. Alcock, and created much merriment. "Evening Star," from Tanhauser, was rendered by Mrs. W. R. Bryan, and the closing number was Mendelssohn's wedding march. Delicious ices, cakes, mints and nuts were served, and everyone present spent an afternoon long to be remembered.

## IN MEMORIAM

### BLACKWELL.

Whereas, God in his infinite power and wisdom has seen fit to call from us our beloved friend and brother, W. B. Blackwell, we, your committee, submit the following:

First: Resolved that in the death of Bro. Blackwell the neighborhood has lost a kind neighbor and true friend.

Second: That the church has lost a faithful moderator, deacon and willing worker.

Third: That we extend to the bereaved family our heartfelt sympathy and point them to our heavenly Father, who doeth all things well.

Fourth: That a copy of these resolutions be placed upon our church book and a copy sent to The Jeffersonian and Western Recorder for publication.

### COMBS.

Resolutions of respect on the death of Mrs. M. M. Combs adopted by Christ Lutheran Sunday-school, Jeffersonstown, Ky:

Whereas, on Sunday, May 5, 1912, it was the will of our Heavenly Father to call to her eternal home our esteemed sister, therefore be it resolved:

1. That we therein recognize the hand of God who doeth all things well and for His glory.

2. That in her death our church and Sunday-school has lost a faithful and devoted member, one who

will be greatly missed, as her seat is now vacant in the church and Sunday-school, which was rarely superior to her last illness.

3. That we hereby express our appreciation and bear witness to her exalted Christian example and character, a character adorned with humility, patience, fortitude and abiding trust in Jesus Christ, graces which all members of our church and Sunday-school should covet and emulate.

4. That we extend our heartfelt sympathy to the bereaved family and relatives and commend them to our Heavenly Father for comfort, consolation and sustaining grace.

5. That a copy of these resolutions be presented to the bereaved family, entered on our records, and be published in The Jeffersonian.

# IT PAYS TO PAINT

Money Invested In Good Paint Will Add Hundreds of Dollars to the Market Value of Your Property.

To refinish and redecorate the house and furnishings requires the intelligent selection of the highest grade material—a definite specialized product that will do the work you want to do in just the way you want it done—simply, easily, with the least expenditure of time and money.

PEE GEE QUALITY PAINTS, STAINS, ENAMELS AND VARNISHES are a short cut to success in whatever you undertake to do. Their undisputed superiority is a marvel to the user.

YOU WILL FIND IN THIS LIST BELOW JUST WHAT YOU NEED.

**House Exterior** Have it painted with MASTIC PAINT and secure a beautiful, hard, enamel-like surface of the greatest durability. Resists best the smoke and gases of the city. MASTIC WHITE is the very whitest house paint made. Don't experiment with cheaper paints or keg lead in oil, and be disappointed. Get MASTIC PAINT, "the kind that lasts." Made in 45 colors.

**Porch Floors and Steps** Pee-Gee PORCH PAINT is best for the purpose. Hardens quickly with high gloss. Stands wear and tear of walking on.

**Screen Doors and Windows** Should be painted with Pee-Gee GREEN ENAMEL, both wire and frame. Will not fill the mesh. Saves your screens and your pocketbook.

**Barns, Stables, Outbuildings** Should be painted with Pee-Gee BARN PAINT, red or green—white trimmings. Makes a pretty combination.

**Roofs** If tin, the Big Four Formula Metallic Paint gives the best and longest service at least cost. For shingles CREO-STAIN can be brushed or dipped. Soaks in and preserves the wood—doubles the life of the roof. Comes in 19 beautiful colors.

**Concrete Work** On cellar and porch floors and side walls, Pee-Gee PORT-LANTITE (dull or gloss) prevents dampness, staining and disintegration. Adds greatly to the appearance of concrete.

**Interior Walls and Ceilings** Don't paper them—or before you do—investigate Pee-Gee FLATKOATT, the velvet finish that is being widely used in place of paper. It's better, and lasts three times as long.

**Inside Floors** If the clear, natural grain of the wood has been preserved, use FIXALL VARNISH. Comes in light oak, dark oak, mahogany, cherry, walnut, etc. If your floors are badly worn, scuffed, stained or spotted, better use ADAMANT FLOOR PAINT. Dries hard overnight with a high polish. Comes in nine beautiful colors. Easy to apply. Pee-Gee Floor Wax for hardwood floors. Pee-Gee Crack Filler for filling cracks.

**Furniture and Cabinet Work** Should be rubbed lightly to remove spots or grease adhering—then varnished with a high-grade Cabinet Varnish such as our IMPERIAL PRESERVATIVE. Don't use common furniture varnish or you will ruin your surface. In case a dull, rubbed effect is wanted, use our Falk's Flat Finish. One coat suffices.

**Re-Staining Furniture** Original finish can be restored or new finish (Oak, Mahogany, Cherry, etc.) obtained by use of FIX-ALL—the perfect varnish stain. Stains and varnishes one operation. Simple and easy to use. If Mission Finish is desired use Pee-Gee DYSTAIN.

**Removing Old Paint** Pee-Gee No. 23 Varnish Remover will take off old paint or varnish down to the bare wood where in is condition to require this.

**Kitchen Floors** Can be painted with ADAMANT FLOOR PAINT. Dries overnight with a hard, tile-like surface. Try Oak Yellow or Drab—neither shows the dirt readily.

**Pantry Shelves** Should be made sanitary and easy to clean by painting them with BLUE RIBBON FAMILY PAINTS. Lightens, brightens and makes cheerful.

**Wicker Chairs** Enamel white with Pee-Gee CHINA ENAMEL—or stain a pretty mission color with Pee-Gee DYSTAIN.

**Porch Chairs and Swings** Pee-Gee CARRIAGE PAINT is best; 11 colors to select from.

**Bathroom** A wonderful improvement can be made by using Pee-Gee CHINA ENAMEL. Resembles a white tile finish—hard and glossy.

**Radiators** Pee-Gee ALUMINUM ENAMEL or GOLD-LAK will not tarnish.

**Chandeliers and Grate Fronts** EGYPTIAN BLACK ENAMEL—BERLIN BLACK (wrought iron finish) or the Gold and Aluminum Enamel mentioned above, are suitable.

Get Our Illustrated Booklets, "Homes, and How to Paint Them," "Modern Method of Finishing Walls," "Roofs, and Their Preservation," "Floors, and How to Treat Them." Full of good, practical suggestions of value to the property owner. A card to us or your dealer will bring them by mail.
